

Datasheet**H-SDI-DA-1x2****Overview**

The H-SDI-DA-1x2 is a reliable portable 1x2 SDI distribution amplifier, features 1 input and 2 outputs, which can split one SD/HD/3G-SDI video source to two video equipments without loss of signal.

**Feature**

- Comply with SMPTE-424M, SMPTE-292M and SMPTE-259M standard, supports 2.97Gb/s, 1.485Gb/s and 270Mb/s
- 1080P@60,50,30,25,24, 1080I@60,50 and 720P@60,50,30,25,24, SD 525i and SD 625i
- Features 1 input and 2 outputs without loss of signal
- Integrated cable equalizer, re-clocker and cable driver
- Embedded surge protection

Application
